Education

Vignan's Institute of Information Technology
Bachelor of Technology in Computer Science

Sept 2023–2027

Technical Skills

Languages: Python, C, SQL, JavaScript, HTML/CSS
Frameworks: React, LangChain, LangGraph, Tkinter, Tailwind CSS
Technologies: FastAPI, Node.js, Express.js, Next.js, RAG
Databases: MySQL, MongoDB, Supabase
Tools: Git/GitHub, LLMs, N8N, Docker, Relevanceai Ai

Professional Experience

Backend Developer Intern

July 2025–August 2025

- Engineered backend infrastructure at ZORO Innovations for Campus Core platform serving Students, Admins, and Faculty
- Executed API testing protocols and resolved critical system bugs for optimal performance
- Created technical API documentation for seamless developer integration
- Implemented backend-frontend integration ensuring data consistency and user experience

Projects

Stream2Pod — Interactive Podcast Platform

[GitHub](#) [🔗](#)

- Converts YouTube videos into interactive podcasts with AI-powered Q&A using extracted transcripts.
- Integrated Gemini AI via LangChain for real-time content analysis and Microsoft Azure TTS for voice responses
- React + Vite player with a FastAPI Streaming Response backend for smooth, real-time streaming

Student Codeforces Progress Tracker

[GitHub](#) [🔗](#)

- Developed full-stack progress tracking system for Codeforces with automated data synchronization
- Implemented daily email notifications and built using MERN Stack, Cron Jobs, Email Automation
- Designed responsive user interface with real-time data visualization and progress analytics

EcoTrack - Waste Management App

[GitHub](#) [🔗](#)

- Developed React-Native app for plastic waste recycling tracking with real-time communication
- Implemented user-friendly interface and Socket.IO for efficient user-recycler interaction
- Integrated geolocation services and push notifications for enhanced user engagement

Achievements & Competitive Programming

- Achieved 3-star rating on CodeChef (peak: 1657) and peak rating of 1761 on LeetCode
- Participated in 90+ CodeChef contests and 70+ LeetCode contests with consistent performance
- Competitive Programming Lead for Algozenth, the official coding club of our college
- Qualified the internal round of Smart India Hackathon (SIH)
